

Safety Awards 2010

NADCA congratulates the winners of its prestigious Perfect and Outstanding Safety Awards for the year 2010. These awards recognize companies within the die casting community that have exceeded or met the industry criteria to operate a safe working environment for their employees. Only NADCA Corporate Members in North America are eligible. There are two award levels: the Perfect Award recognizes the facilities that operated all of 2010 without a reportable injury or illness, and the Outstanding Award honors operations whose reportable injury or illness level was below the national average for all manufacturing of 7%.

Perfect Awards
