The North American Die Casting Association is pleased to recognize Corporate Members with operations which have a strong focus on their employees’ safety and well-being. NADCA’s Safety Award Program was developed to honor Corporate Members that both exceed and meet the average U.S. national safety standards for all manufacturing in a given year. Companies that have maintained a safety record during 2017 with 0 lost days/transfers/restrictions are awarded with a “Perfect” award. Companies with DART (days away, restricted or transferred) records equal to, or less than 2.2%, the national average for all manufacturing in 2015, are recognized with an “Outstanding” award. This year, a new award has been introduced for companies making significant strides in plant safety improvements. The NADCA Progress Award for Safety Improvements recognizes companies with a recorded safety DART improvement of 25% or compared to the prior year. NADCA is pleased to recognize these award-winning companies.

PERFECT AWARDS

A&B Die Casting Company, Inc.
Hercules, CA
Autocast Inc.
Grandville, MI
Cascade Die Casting Group, Inc.
Great Lakes Division
Sparta, MI
Chem-Trend LP
Howell, MI
Fort Recovery Industries, Inc. - Assembly/ Packaging Plant & Distribution Center
Fort Recovery, OH
General Die Casters - Machining Division
Twinburg, OH

General Die Casters - Twins Cast Division
Twinburg, OH
